DALE VS DAYTONA: The Intim-andator’s Quest to Win the Great American Race by Rick Houston Never before have Dale Earnhardt’s attempts to win the Daytona 500 been chronicled in one publication with this amount of detail and under such intense scrutiny. From the Dale and Dale show to the seagull, to the last-lap heartaches, you ride shotgun with the author as he takes you around-and-around in Dale vs Daytona: The Intim-andator’s Quest to Conquer the Great American Race. 6 x 9”, 240 pages, 113 photos. Hdbd. ISBN 9781613253355 Part # CT594 $24.95

THE ILLUSTRATED HISTORY OF TRIUMPH SPORTS AND RACING CARS by G. William Knaue From the first TR2 to the last TR8, Triumph defined the British sports car market. The handsome, sometimes brutish TRs and smaller Spitfire and GT-6 cousins led the way with performance and racing pedigrees at an affordable price. Unfortunately, Triumph’s road to success was littered with financial potholes that led to many missed opportunities and ultimately its demise. Whichever models or eras you like, you’re sure to find something new and interesting here. 8.5 x 11”, 125 pages, 276 photos. Sftbd. ISBN 9781613253397 Part # CT596 $26.95

FULL-SIZE FORD RESTORATION 1960–1964 by Colin Kleer Featuring step-by-step procedures on body, driveline, chassis, and interior components, the author shows, with more than 400 photos and text, how to restore a full-size Ford to its former glory. Crucial projects such as rust repair and driveline maintenance help guarantee that your Ford will be sound and solid for years to come after the restoration. 8.5 x 11”, 192 pages, 506 photos, Sftbd. ISBN 9781613253274 Part # SA390 $29.95

CHEVY NOVA 1968–1974: How to Build and Modify by Wayne Scraha Veteran author and Chevy expert Wayne Scraha shows you all you need to know to build a killer street or strip Nova. Included is detailed information on driveline upgrades, rear-suspension options for the ultimate book, front-end suspension and chassis components for good handling and weight transfer, excellent brake upgrades, engine swap options, cooling system upgrades, and more. 8.5 x 11”, 144 pages, 428 photos, Sftbd. ISBN 9781613253304 Part # SA392 $26.95

JEEP CJ 1972–1986: How to Build and Modify by Michael Hansen Jeep guru Michael Hansen covers all of the systems that can be upgraded to improve your Jeep’s performance. Upgrades include suspension components such as springs, shocks, and steering modifications; driveline components including differentials, transmissions, transfer cases, and axles; engine upgrades including engine swaps; wheel and tire upgrades; aftermarket accessories; and armor such as skid plates, bumpers, brake upgrades, and more. 8.5 x 11”, 144 pages, 362 photos, Sftbd. ISBN 9781613253427 Part # SA396 $26.95

NEW HEMI ENGINES: 2003 TO PRESENT: How to Build Max Performance by Larry Shepard Mopar engine expert and veteran author Larry Shepard reveals up-to-date modification techniques and products for achieving higher performance from your third-generation Hemi engine. Porting and modifying the stock Hemi heads as well as the best flow characteristics with high lift are highlighted. In addition, guidance on aftermarket heads is provided. 8.5 x 11”, 144 pages, 406 photos. Sftbd. ISBN 9781613253571 Part # SA404 $26.95

HARLEY-DAVIDSON EVO: HOP-UP & REBUILD MANUAL by Chris Meada For anyone planning to build an Evo that combines power with durability, this book provides detailed photo sequences that show every part of the building or rebuilding process. The crew at R&R Cycles shows how they do a simple top-end hop-up in the chassis. They also show how to build a complete crate engine, assembled on the bench. 8.5 x 11”, 144 pages, 400 photos, Sftbd. ISBN 9781941064337 Part # WP43 $29.95

IN DETAIL

Provides an introduction and historical overview, an explanation of the design and concepts involved in creating the car, a look at marketing and promotion, and an in-depth study of all hardware and available options, as well as an examination of where the car is in the market today. 8.25 x 9”, 96 pgs, over 100 photos. Sftbd

NEW

1969–1970 FORD MUSTANG BOSS 429: Muscle Cars In Detail No. 7 by Daniel Burrill with Denny Aldridge
The author collaborated with Boss 429 expert Denny Aldridge to give you the straight story on the car, its special equipment, 429 engine, 4-speed Toploader transmission, interior appointments, paint codes, and options. Also featured is the exciting story of developing this monumental engine, engineering the components and parts to fit the engine and chassis, and assembling the cars. 8.25 x 9”, 96 pgs, 124 photos. Sftbd. ISBN 9781613253168 Part # CT587 $18.95

NEW

1969 FORD MUSTANG MACH 1: Muscle Cars In Detail No. 9 by Mike Mueller
The 1969 Mach 1 was Ford’s attempt to create a package and a style to match the performance of its recently released and very potent 428-ci Cobra Jet engine package. Displacing the still-available but more conservative GT trim, the Mach I included unique and innovative graphics and mechanical innovations such as shaker hood scoops, dual racing mirrors, deluxe interiors, competition suspension, dual chrome exhaust tips, and blacked-out hoods. 8.25 x 9”, 96 pgs, 110 photos. Sftbd. ISBN 9781613253182 Available January 2018 Part # CT589 $18.95

NEW

1966 PONTIAC GTO: Muscle Cars In Detail No. 8 by David Bonaskiewich
Under the guidance of Bunkie Knudsen, John DeLorean, Bill Collins, and others, Pontiac installed the high-performance 389 V-8 into the nimble and lightweight intermediate-size LeMans chassis. It was a watershed moment for Pontiac; the 1964 GTO delivered astounding performance and created the muscle car blueprint that the Detroit manufacturers followed in the 1960s and 1970s. The 1964 GTO is a landmark car, and this book goes well beyond the glossy overview of other books about this car. 8.25 x 9”, 96 pgs, 129 photos. Sftbd. ISBN 9781613253205 Part # CT590 $18.95

NEW

1969 PLYMOUTH ROAD RUNNER: Muscle Cars In Detail No. 10 by Scott Alos
The author retraces the history of the Road Runner and brings the 1970 model year into full focus. The stripped-down Road Runner exemplified the essence of a purpose-built muscle car: brute power and stunning acceleration. 8.25 x 9”, 96 pgs, 120 photos. Sftbd. ISBN 9781613253045 Available January 2018 Part # CT581 $18.95

HOT ROD GALLERY II: More Great Photos and Stories from Hot Rodding’s Golden Years
by Pat Ganahl
If you liked the first edition of Hot Rod Gallery: A Nostalgic Look at Hot Rodding’s Golden Years: 1930–1960 by Pat Ganahl, you may like this one even more. Ganahl dug deeper into his massive archive for even cooler and more never-before-seen photos in both color and black and white to provide another album of great hot rodding photos. 8.5 x 11”, 192 pgs, 351 bw and color photos. Hbd. ISBN 9781613252819 Part # CT5656 ......$39.95

LOST HOT RODS II: More Remarkable Stories of How They Were Found by Pat Ganahl
As a follow-up to the success of the original Lost Hot Rods, this book continues the fun of discovering whatever happened to many of the great rods and customs built in the early days of the sport. This book shares the full story of each car, including how it was originally built, how it got dropped off the radar, and how it was ultimately found. 8.5 x 11”, 192 pgs, 450 color photos. Hdbd. ISBN 9781613253601 Part # CT5656 ..........$39.95 • POD Book

HOT ROD GALLERY: A Nostalgic Look at Hot Rodding’s Golden Years
by Pat Ganahl
Available May 2018
This book begins the celebration of the 75th anniversary of hot rodding. From its origin in Southern California roastings and swap meets to its current popularity, hot rodding is a worldwide phenomenon. From its roots in old-timers and street rodders, to the big-physique builders of the ’60s and ’70s, to the muscle car and modern hot rodding, this book celebrates it all. 8.5 x 11”, 192 pgs, 320 photos, Sftbd. ISBN 9781613252864 Part # CT5656 ......$39.95

THE ILLUSTRATED HISTORY OF TRiumPH SPORTS AND RACING CARS by G. William Krause
From the first TR2 to the last TR8, Triumph defined the British sports car market. The handsome, sometimes brutish TRs and smaller Spitfires and GT-6 cousins led the way with performance and racing pedigrees at an affordable price. Unfortunately, Triumph’s road to success was littered with financial potholes that led to many missed opportunities and ultimately its demise. Whichever models or eras you like, you’re sure to find something new and interesting here. 8.5 x 11”, 128 pgs, 276 photos, Sftbd. ISBN 9781613253397 Part # CT5656 ..........$26.95

THE CARS OF Harley Earl
by David Temple
Harley Earl’s drive toward bold and innovative style spurred American car design during the mid-20th century. His distinctive concepts defined the 1950s finned cars and set American automotive design on the path it has followed into the modern era. With this in-depth examination, you learn the inside story of these remarkable cars and the men behind them. 8.5 x 11”, 192 pgs, 400 photos, Hdbd. ISBN 9781613253366 Part # CT5656 $39.95

LOST MUSCLE CARS
by Wes Eisenberg
This book is a collection of stories written by enthusiasts about their quest to find these extremely rare and valuable muscle cars. The four categories (Celebrity, Rare, Race Cars, and Concept/Prototype/Show Cars) within these genres (Missing, Lost History, Recently Discovered) take you through the search for some of the most sought after muscle cars with names including Shelby, Yenko, Hurst, and Hemm. 6 x 9”, 240 pgs, 100 photos. Hdbd. ISBN 9781613253373 Part # CT5656 $26.95

DAVID KIMBLE’S CUT-AWAYS: The Techniques and The Stories Behind the Art by David Kimble
Kimble reveals the secrets, techniques, procedures, and the dedication to craft that is required to produce these amazing illustrations. He covers the step-by-step procedures while producing fresh artwork featuring a McLaren Can-Am car as well as a vintage Harley-Davidson. Although the procedures covered here are unique to Kimble, and pretty much a pipe dream to mere mortals, this title provides an inside look into how he does it. This special edition is signed by the author. 11 x 8.5”, 192 pgs, 210 illustrations. Hdbd. ISBN 9781613252918 Part # CT5715 $39.95

TASCA FORD LEGACY: Win on Sunday, Sell on Monday!
by Bob McClurg
Author Bob McClurg details the early days of Tasca Ford, when Bob Tasca was just getting his start, through the growth of the dealership during its successful performance years, all the way to modern times. Filled with never-before-seen family photos and produced in cooperation with the Tasca family. 8.5 x 11”, 192 pgs, 230 photos, Sftbd. ISBN 9781613253691 Part # CT5656 $34.95

AUTOMOTIVE HISTORY

NEW CHEVROLETS OF THE 1950S: A Decade of Technical Innovation
by David Temple
Automotive historian and veteran author David Temple goes behind the scenes to reveal how General Motors designed, developed, and delivered breakthrough technologies on Chevroleť’s fine portfolio of cars: the Corvette, 1955–1957 Bel Air, Nomad, Impala, and many more. 8.5 x 11”, 192 pgs, 400 photos, Sftbd. ISBN 9781613253574 Available June 2018 Part # CT608 $39.95

NEW COLLECTING MUSCLE CAR MODEL KITS
by Tim Boyd
World-leading authority Tim Boyd takes you through the entire era of muscle car kits, covering the options, collectability, variety availability, and value of these wonderful kits today. Boyd also takes you through the different reproductions versus the original kits, the older reproduction kits, and the new reproduction kits that many people find at swap meets today. 8.5 x 11”, 176 pgs, 400 photos, Sftbd. ISBN 9781613253983 Available May 2018 Part # CT624 $29.95

by Jim Schild
You will relive the muscle cars, muscle car races, and customs built in the early days of the sport. MATCH RACE MAYHEM: Drag Racing’s Grudges, Rivalries and Big-Money Showdowns by Doug Boyle Veteran drag race author Doug Boyle tells the tale of the history of match racing through the cars, the drivers, the events, the classes, the rivalries, and everything else that was fun about match racing during the golden era. It’s all here, complemented by wonderful vintage photography provided by fans and professionals in attendance. 8.5 x 11”, 176 pgs, 300 photos, Sftbd. ISBN 9781613253202 Part # CT582 $39.95

LANDY’S DODGES: The Mighty Mopars of “Dandy” Dick Landy by Geoff Stunkard Chrysler racing historian and author Geoff Stunkard presents a highly detailed account of Dick Landy’s cars, including results and images from the Landy family’s personal archive and modern shots of his restored cars. At no other time has Landy’s entire career been chronicled and cataloged in print with this much attention to detail. 8.5 x 11”, 176 pgs, 407 b/w and color photos, Sftbd. ISBN 9781613252482 Part # CT765 $34.95

DETROIT MUSCLE: Factory Lightweight and Purpose-Built Muscle Cars by Charles Morris Follow the evolution of the fastest, most powerful, and exciting vehicles of the era, in both drag racing and NASCAR. From early Hudsons, Hornets, to the birth of the Hemi, to aluminum and fiberglass panel sedans, to lightweight special-order muscle cars ready to race from the factory. 10 x 10”, 192 pgs, 40 photos, Sftbd. ISBN 9781613252014 Part # CT79 $39.95

RAT RODS: Rodding’s Imperfect Stepchildren by Scotty Gossan These rods rarely sport paint jobs of any kind, and their owners aren’t afraid to drive them. They represent what it’s all about, but never take anything too seriously. This book is a celebration of this trend, and almost as important, the lifestyle that accompanies it. Cars from all over America and around the world are featured. 8.5 x 11”, 160 pgs, 334 color photos. Sftbd. ISBN 9781613253328 Part # CT488 $39.95 POD Book

JAMES GARNER’S MOTORING LIFE: Grand Prix the Movie, Baja, The Rockford Files, and More by Matt Stone From stories of a boy owned and drove, the cars he raced, his tour of duty as a racing team owner, his great racing film, the drivers on his team, as well as the drivers he competed against. 8.5 x 8.5”, 160 pgs, 200 b/w and color photos. Sftbd. ISBN 9781613254549 Part # CT529 $39.95 POD Book

LINDA VAUGHN: The First Lady of Motorsports by Rob Kinnan and Linda Vaughn This is the most comprehensive gathering of photography ever assembled on Linda Vaughn. Through her 50-plus years in motorsports, Linda has lived it all, been everywhere, and met everyone. Whether you are simply a fan of Linda or a collector of Linda Vaughn memorabilia, this will be the premier piece in your collection. 8.5 x 11”, 224 pgs, 550 photos. Hdbd. ISBN 9781613255550 Part # CT555 $39.95

CREATIVE INDUSTRIES OF DETROIT: The Story of Detroit’s Secret Concept Car Builder by Leon Dixon This book offers the most exhaustive and complete account of the 40-plus concept cars, dream, prototype, concept, and one-off cars from Dwight D. Eisenhower’s 1950 Presidential Lincoln Limousine to the 1993 Mustang Mach III concept cars. This is the first book on the subject, and features behind-the-scenes images and interviews never before published. 8.5 x 11”, 192 pgs, 500 photos. Sftbd. ISBN 9781613252130 Part # CT544 $39.95

SELLING THE AMERICAN MUSCLE CAR: Marketing Detroit Iron in the 1960s and 1970s by Diego Rosenberg Automotive writer Diego Rosenberg examines the tactics and components used by manufacturers in waging war against one another in the muscle car era. Manufacturers poured millions into racing programs, operating under the principle of “Win on Sunday, Sell on Monday.” From racing to commercials to print ads, from dealer showrooms to national auto shows, each manufacturer had its own approach in vying for the buyer’s attention, and gimmicks and tactics ranged from comedical to serious. This book takes you back to an era when options were plentiful and performance was cheap. 10 x 10”, 192 pgs, 300 photos. Hdbd. ISBN 9781613252031 Part # CT42 $34.95

TOP FUEL DRAGSTERS: The History of Top Fuel Racing by Matt Stone This book tells the whole story of Ed “Isky” Iskenderian, from his pre-war Lake Muroc and car club activities and then his military service, to starting a small business fabricating parts and making cars in the back of a rented shop, and then selling cars to other rodders. 7 x 10”, 208 pgs, 250 photos. Hdbd. ISBN 9781613252901 Part # CT767 $34.95

ISKY: Ed Iskenderian and the History of Hot Rodding by Matt Stone This book tells the whole story of Ed “Isky” Iskenderian, from his pre-war Lake Muroc and car club activities and then his military service, to starting a small business fabricating parts and making cars in the back of a rented shop, and then selling cars to other rodders. 7 x 10”, 208 pgs, 250 photos. Hdbd. ISBN 9781613252901 Part # CT767 $34.95

LOST ROAD COURSES: Ghosts of Riverside, Ontario, Bridgehampton & More by Martin Rudrow Road racer and road racing expert Martin Rudrow retraces road racing’s glorious past and visits the defunct classic road courses across the United States and Canada. Rudrow recounts the breathtaking races and fascinating history of more than 16 tracks through period photos and digs beneath the surface to reveal the story behind the story. 8.5 x 11”, 176 pgs, 229 color photos. Sftbd. ISBN 9781613252224 Part # CT549 $29.95

LOST DRAG STRIPS II: More Ghosts of Quarter-Miles Past by Scotty Gossan Lost Drag Strips II picks up where the first volume left off, covering even more tracks with archival photos of racing in the tracks’ heyday, the cars that ran there, the drivers that ran there, and the facilities as they exist today. This volume also includes some of the tracks that survived, those that fought off the economic demons and the urban sprawl and continue to run today. 8.5 x 11”, 144 pgs, 248 photos. Sftbd. ISBN 9781613252239 Part # CT750 $29.95

STREET SLEEPERS: The Art of the Deceptively Fast Car by Tommy Lee Byrd The art of building a successful sleeper has varied as styles and times have changed. One fact that remains constant is that the car’s appearance belies its performance potential. This book exposes those secrets, and the owners and builders share their distinctive art. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, 321 b/w photos. Sftbd. ISBN 9781613252000 Part # CT498 $24.95 POD Book

AMERICA’S WILDEST SHOW RODS OF THE 1960S & 1970S by Scotty Gossan In the 1960s and 1970s, a new breed of car was developed—the show rod. What began as visions of futuristic cars eventually morphed into cartoon-like representations of cars. This book features iconic cars from builders such as George Barris, Ed “Big Daddy” Roth, Gene Winfield, Dean Jeffries, “Candy” Joe Baile, Bob Reinhart, and Tom Daniel. 8.5 x 11”, 160 pgs, 325 color photos, Sftbd. ISBN 9781613250385 Part # CT510 $29.95

Note: Prices subject to change. POD = Print On Demand book see page 31 for more info.
by Greg Kolasa
Shelby American Auto Club (SAAC) historian and registrar Greg Kolasa details the specifics on performance and appearance alterations. This book gives a detailed look at both the performance and appearance characteristics of each year of the 1965–1970 Shelby photographs, and charts/graphs. It cleans up many myths and misconceptions surrounding these legendary pony cars. 8.5 x 11”, 192 pgs, 500 color photos. Sttdb. ISBN 9781613253717 Part # CTS007P .................$44.95 POD Book

MOTORAMA: GM’s Legendary Show and Concept Cars
by David Temple
Motorama expert and experienced author David Temple has comprehensively researched the show, the cars, and the personalities to create a fascinating new story with new photos of these magnificent cars. Temple goes into detail on the body, frame, engine, drivetrain, and suspension features of each showcase model. He has also retracted the ownership histories of some of these cars. 8.5 x 11”, 208 pgs, 400 color and b/w photos. Hdbd. ISBN 9781613251331 Part # CTS033 ..........$34.95

HEMI: A HISTORY OF CHRYSLER’S ICONIC V-8 IN
COMPETITION by Geoff Sturkard
Whether the Hemi was installed in a Charger, Super Bee, Barracuda, Superbird, or any number of other cars, the engine dominated the competition in NHR, NASCAR, and other forms of racing. Author Geoff Sturkard retraces the fascinating Hemi competition history and covers the big wins, many championships, and key developments in the engine’s life. Whether the Hemi was installed in a race car campaigned by Ronnie and Don Garlits, and countless others are brought to life in this all-encompassing tale of Chrysler climbing the ladder in all-encompassing tale of Chrysler climbing the ladder to NASCAR supremacy. 10 x 10”, 204 pgs, 360 photos. Hdbd. Part # CTS45 ........................................$39.95

THE DAWN OF PRO STOCK:
Drag Racing’s Fastest Doorslammers 1970–1979
by Steve Reyes
This book is a celebration of the early years, when fans could really connect with the cars, and brand rivalries were intense. Witness ‘Cudas, Mustangs, Camaros, Mavericks, and Vegas going at it in this amazing archive of Pro Stock’s early days unlike any other before. 8.5 x 11”, 160 pgs, 336 color and b/w photos. Sttdb. FACT BOOKS

1001 NASCAR FACTS by John Close
Covered in depth are 65+ years of the cars, tracks, milestones, and personalities that have made this sport what it is today. With this book you will be racing through the pages and absorbing information that will make you a walking encyclopedia of NASCAR knowledge. 6 x 9”, 376 pgs, 125 b/w photos, Sftbd. ISBN 9781613252963 Part # CT575 $24.95

STEVE MAGNANTE’S 1001 MUSCLE CAR FACTS
Author Steve Magnante is well known for his encyclopedia-like knowledge of automotive facts. There are 1,001 well-researched muscle car facts in this book that even the most esteemed experts would be excited to learn. Fans of these collectible cars will appreciate the technical and entertaining information shared on every page about all of the great American makes. 6 x 9”, 416 pgs, 110 b/w photos, Sftbd. ISBN 9781613250570 Part # CT517 $24.95

STEVE MAGNANTE’S 1001 MUSTANG FACTS
Whether you’re an avid fan of all Mustangs, a trivia buff who wants to stump your friends, or have a particular affinity for a particular era of Mustangs, this book is an informative and entertaining collection of facts from one of the industry’s most beloved and respected sources. 8.5 x 11”, 416 pgs, 100 b/w photos, Sftbd. ISBN 9781613252727 Part # CT563 $24.95

1001 DRAG RACING FACTS: The Golden Age of Top Fuel, Funny Cars, Door Slammers & More by Doug Boyce
Spanning the 1950s through the 1970s, this book is packed with well-researched drag racing facts that even some of the most hard-core drag racing fans might be surprised to learn. Covered are all the popular classes of drag racing of the era, including Top Fuelers, Funny Cars, Pro Stocks, and Eliminators including Gassers and Altereds, Stock, Super Stocks, and more. 6 x 9”, 344 pgs, 125 photos. Sftbd. ISBN 9781613251911 Part # CT559 $24.95

1001 HARLEY-DAVIDSON FACTS by Tyler Greenblatt
American Iron magazine editor Tyler Greenblatt has compiled 1,001 Harley-Davidson facts into this single volume, with subjects ranging from the historic powertrains to pop culture to Harley-Davidson as a company and manufacturer. 6 x 9”, 416 pgs, 110 photos. Sftbd. ISBN 9781613252963 Part # CT575 $24.95

CHEVROLET

CHEVROLETS OF THE 1950s: A Decade of Technical Innovation by David Temple
Automotive historian and veteran author David Temple goes behind the scenes to reveal how General Motors, designed, developed, and delivered breakthrough technology on Chevy’s fine portfolio of cars: the Corvette, 1955–1957 Bel Air, Nomad, Impala, and many more. 8.5 x 11”, 192 pgs, 400 photos, Sftbd. ISBN 9781613253748 Available June 2018 Part # CT608 $26.95

CHEVY NOVA 1968–1974: How to Build and Modify by Wayne Scrob
Veteran author and Chevy expert Wayne Scrob shows you all you need to know to build a killer street or strip Nova. Included is detailed information on driveline upgrades, rear-suspension options for the ultimate hook, front-end suspension and chassis components for good handling and weight transfer, excellent brake upgrades, engine swap options, cooling system upgrades, and more. 8.5 x 11”, 144 pgs, 426 photos, Sftbd. ISBN 9781613253304 Part # SA392 $24.95

HOW TO BUILD MAX-PERFORMANCE CHEVY LT1/LT4 ENGINES by Myron Cottrell
This book includes factory and aftermarket components of the Chevy LT1/LT4 engines, offering sound performance advice and recommendations. Complete engine build-up recipes are provided, along with their respective horsepower and torque levels. The photos in this edition are black & white. 8.5 x 11”, 138 pgs, 300 b/w photos, Sftbd. ISBN 9781613252488 Part # SA200P $24.95

Note: Prices subject to change.
HOW TO REBUILD & MODIFY CHEVY SMALL-BLOCK CYLINDER HEADS by Larry Atherton & Larry Schreib
Covers both Gen I and Gen II small-block Chevys, occasionally touching on the Gen III and Gen IV engines. It starts with the basics and works into more in-depth concepts and variables. It features airflow basics, extensive information on production and aftermarket heads, basic porting techniques, and more. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 300 b/w photos, Sftbd. ISBN 9781613250631
Part # SA125P ...................... $24.95  POD Book

HIGH-PERFORMANCE CHEVY SMALL-BLOCK CYLINDER HEAD PERFORMANCE 1955–1996 by John Baechtel
This book covers the latest information on all Gen I and Gen II Chevy small-blocks in one volume. The detailed text and photos deliver the best solutions for making your engine perform. Chapters explain techniques for preparing blocks, crankshafts, connecting rods, pistons, cylinder heads, and includes popular ignition, carburetor, compound, and valve train tips, and tricks. The photos in this edition are black & white. 8.5 x 11", 144 pgs, approx. 500 b/w photos, Sftbd. ISBN 9781613139701
Part # SA310P ...................... $24.95  POD Book

HOW TO BUILD BIG-INCH CHEVY SMALL-BLOCKS by Graham Hansen
You can have all the additional torque and horsepower of a big-block, without all the extra weight, expense, and effort. In this all-new color edition, author Graham Hansen takes a step-by-step approach to selecting the best OEM or aftermarket block, crank, rods, and pistons to construct your big-inch short-block. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 288 b/w photos, Sftbd. ISBN 9781613253220
Part # SA87P ...................... $24.95  POD Book

HIGH-PERFORMANCE CHEVY SMALL-BLOCK CAMS & VALVE TRAINS by Graham Hansen
Covers every part of preparing a high-horsepower race engine, ending with advice for dynometer testing as well as tuning and maintenance. It is chock full of tips and tricks that will have your engine making more power—reliably—than the competition. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250099
Part # SA121P ...................... $24.95  POD Book

DAVID VIZARD’S CHEVY BIG-BLOCKS: HOW TO BUILD MAX PERFORMANCE ON A BUDGET Master engine builder David Vizard takes big-block Chevy engine building to the next level and shows how to build these extreme high-performance engines without breaking the bank. It goes well beyond the basic performance techniques and delves into exceptional detail on each component group of the engine. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613251621
Part # SA311 ............. $26.95

HOW TO BUILD CHEVY SMALL-BLOCK CIRCLE-TRACK RACING ENGINES by Jeff Huneycutt
The book starts by helping you determine the unique needs of your car and track. Then it proceeds to cover every aspect of building a high-horsepower race engine, ending with advice for dynometer testing as well as tuning and maintenance. It is chock full of tips and tricks that will have your engine making more power—reliably—than the competition. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250099
Part # SA121P ...................... $24.95  POD Book

CHEVROLET SMALL-BLOCK PARTS INTERCHANGE MANUAL by Ed Staffel
Provides complete factory parts interchange information, allowing hot rodders to custom build their own high-performance version of the famous Chevy ‘Mouse’ motor from off-the-shelf parts. Lists factory part numbers, casting marks, production histories, suppliers, performance capabilities of various components, and more. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 300 b/w photos, Sftbd. ISBN 9781613251089
Part # S855P ... $24.95  POD Book

HOW TO BUILD CHEVY SMALL-BLOCK INTO EXTREME PERFORMANCE by Tony E. Huntimer
Hundreds of factory part numbers, RPOs, and detailed color photos cover every aspect of building a high-horsepower race engine, ending with advice for dynometer testing as well as tuning and maintenance. It is chock full of tips and tricks that will have your engine making more power—reliably—than the competition. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250099
Part # SA121P ...................... $24.95  POD Book

CHEVY BIG-BLOCK ENGINE PARTS INTERCHANGE... The Ultimate Guide to Sourcing and Selecting Compatible Factory Parts by John Baechtel
Hundreds of factory part numbers, RPOs, and detailed color photos cover every aspect of building a high-horsepower race engine, ending with advice for dynometer testing as well as tuning and maintenance. It is chock full of tips and tricks that will have your engine making more power—reliably—than the competition. THE DEFINITIVE CHEVELLE SS GUIDE 1964–1972
by Dale McIntosh
Beginning in 1969, the Chevelle SS was no longer its own model and relegated to being an option package. Hence, it can become difficult to determine if a 1969–1972 model was ordered from the factory with Super Sport equipment. Author and noted Chevelle expert Dale McIntosh discusses each model in a year-by-year format providing correct information on what was and wasn’t part of the Malibu SS, SS396, and SS-optioned Chevelle. 8.5 x 11”, 192 pgs, 450 photos. Stbd. ISBN 9781613253656 Available February 2018 Part # CT604 ........................ $34.95

CHEVELLE DATA & ID GUIDE: 1964–1972 by Dale McIntosh
This book is a no-nonsense hard-hitting data book that delivers all the necessary information to correctly identify the numbers and options associated with your Chevelle. Production numbers, VIN decoding, engine/transmission/rear axle codes, interior codes, exterior paint codes, color combinations, and full options lists are provided. 5 x 8”, 240 pgs. 127 photos. Stbd. ISBN 9781613252867 Part # CT77 ........................ $24.95

CHEVELLE PERFORMANCE PROJECTS: 1964–1972 by Cole Quinnell
The author provides comprehensive instruction on upgrades to every component group of the car including chassis, suspension, brakes, transmission, driveline, engine, interior, and electrics. Examples of component installs include HEI ignition, upgrading steering systems, tubular A-arms, 5-speed transmission swaps, stiffer coil-over and leaf springs, and much more. Installing a modern GM LS engine is covered as well. 8.5 x 11”, 176 pgs, 418 color photos, Stbd. ISBN 9781613253756 Part # SA226 ........................ $29.95

CHEVELLE

THE DEFINITIVE CHEVELLE SS GUIDE 1964–1972
by Dale McIntosh
This book was provided an introduction and historical overview, an explanation of the design and concepts involved in creating the car, a look at marketing and promotion, and an in-depth study of all hardware and available options, as well as an examination of where the Chevelle SS is in the market today. 8.25 x 9”, 366 pgs, 300 photos. Stbd. ISBN 9781613252517 Part # CT607 ........................ $29.95

1964 CHEVROLET CHEVELLE SS: Muscle cars In Detail No. 1 by Dale McIntosh
As with all In Detail Series titles, this book provides an introduction and historical overview, an explanation of the design and concepts involved in creating the car, a look at marketing and promotion, and an in-depth study of all hardware and available options, as well as an examination of where the 1967 Chevelle SS is in the market today. 8.25 x 9”, 366 pgs, 300 photos. Stbd. ISBN 9781613253756 Part # CT608 ........................ $18.95

GM LS SERIES

d by Jeffery Bryant
Author Jeffery Bryant provides detailed step-by-step instructions for installing an LS powerplant into a Chevelle, Buick GS, Oldsmobile Cutlass, and Pontiac GTO. He explains essential procedures, time saving techniques, and solutions to common problems. 8.5 x 11", 144 pgs. 400 photos, Stbdf. ISBN 9781613255098 $26.95

LS SWAPS: How to Swap GM LS Engines into Almost Anything by Jefferson Bryant
As an updated edition of the original best-selling title, this book covers the right way to do a spectrum of swaps. Veteran author and LS engine swap master Jefferson Bryant reveals all the criteria to consider when choosing an LS engine for a swap project. You are guided through everything from selecting or fabricating motor mounts to selecting an oil pan with the correct profile to adapting the computer-control system to the wiring harness. 8.5 x 11", 144 pgs. 400 color photos, Stbdf. ISBN 9781613255038 $26.95

HOW TO BUILD LS GEN IV PERFORMANCE ON THE DYNO:
Optimal Parts Combos for LS Engines by Richard Holdener
This book provides you with solid parts selection process for assembling a powerful engine package, shows popular packages, and then demonstrates the dyno results of these packages. As such, this is an indispensable resource for anyone building GM LS Gen IV engine. 8.5 x 11", 144 pgs. 400 photos, Stbdf. ISBN 9781613254303 $26.95

HOW TO BUILD BIG-INCH GM LS-SERIES ENGINES
by Stephen Kim
Author Stephen Kim starts by discussing the stroke options, the maximum stroke and bore for aluminum as well as iron block engines, and the best cranks, rods, and pistons from various aftermarket suppliers. The building LS engine builder is then able to select parts or the stroker kit that best fits the particular engine and the budget. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 305 b/w photos, Stbdf. ISBN 9781613251645 $26.95

HOW TO BUILD HIGH-PERFORMANCE CHEVY LS1/LS6 V-8s by Willy Hardtzel
This book is essential for the enthusiast who wants to get the most performance out of this engine design but is only familiar with the older Chevy small-blocks. In this new edition with full-color photos, you will find everything you need to know about these engines, including the difficult engine removal and installation, simple engine bolt-ons, electronic controls for the Gen III engine, and detailed engine builds at four different power levels. 8.5 x 11", 160 pgs, 550 color photos, Stbdf. ISBN 9781932494884 $26.95

HOW TO SUPERCHARGE & TURBOCHARGE GM LS-SERIES ENGINES by Barry Klucyk
Supercharger and turbocharger design and operation are covered in detail, so you can select the best one for your particular budget, engine, and application. Also covered in detail are the installation challenges, necessary tools, and the time required to do the job. Once the system has been installed, the book covers tuning, maintenance, and how to avoid detonation so the engine stays healthy. The photos in this edition are black & white. 8.5 x 11", 144 pgs. 400 b/w photos, Stbdf. ISBN 9781613255160 $24.95

SWAP LS ENGINES INTO CAMAROS & FIREBIRDS 1967–1981 by Eric McClellan
Provides excellent instruction and guidance for selecting the best engine for a budget, choosing the adapter plates and engine mounts, dropping the engine in the car, selecting the ideal transmission and drivelines, and completing all facets of the swap. Author McClellan shows you how to integrate the electronic engine control system on the early F-Body cars as well as select and install exhaust, intake, fuel pumps, and upgrade cooling system for the high-performance LS. 8.5 x 11", 144 pgs, 409 color photos, Stbdf. ISBN 9781613255031 $26.95

HOW TO REBUILD GM LS-SERIES ENGINES by Christopher Werner
Simple step-by-step instructions on disassembly, cleaning, machining tips, pre-assembly fitting, and final assembly. This book gives considerations for both stock and performance rebuilds. It guides you through easy and tricky procedures, showing you how to rebuild your engine and ensure it is working perfectly. It also illustrates many of the performance components, accessories, and upgrades that have been developed for the LS-series family of engines. 8.5 x 11", 152 pgs, 600 color photos, Stbdf. ISBN 9781932494960 $26.95

HOW TO USE AND UPGRADE TO GM GEN III LS-SERIES POWERTRAIN CONTROL SYSTEMS
by Mike Noonan
Author Mike Noonan is an expert engine tuner and programmer and in this book he covers the performance and flexibility aspects of implementing a GM Series III PCM-based control system in great detail. If you are planning any of these complex swaps or just looking to thoroughly understand the nuances of modern GM control systems, this book is a vital addition to your technical library. 8.5 x 11", 144 pgs. 325 color photos, Stbdf. ISBN 9781613250556 $26.95

THE TASCA FORD LEGACY: Win on Sunday, Sell on Monday by Bob McClurg
Bob McClurg details the early days of Tasca Ford, when Bob Tasca was just getting his start, through the growth of the dealership during its successful performance years, all the way to modern times. Filled with never-before-seen family photos and produced in cooperation with the Tasca family. The photos in this edition are black & white. 8.5 x 11”, 192 pgs, 231 photos, Sftbd. ISBN 9781613252501 Part # CT569 $39.95

FULL-SIZE FORDS 1955-1970 by David Temple
This is a fascinating retrospective of the cars—the design process, manufacturing, equipment packages, and a thorough listing of options, interior patterns, and paint codes. All models from 1955 to 1970 that brought Ford to dominance in the full-size category are revealed in compelling detail. In addition, author David Temple examines Ford’s racing exploits, featuring the dual-quad 427 Cammer engine, the Galaxie Grand National race car, and factory and lightweight drag cars. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, 577 color photos, Sftbd. ISBN 9781613252871 Part # SA379 $26.95

FULL-SIZE FORD RESTORATION: 1965-1966 by Colin Kiber
Featuring step-by-step procedures on body, driveline, chassis, and interior components, the author shows, with more than 400 photos and text, how to restore a full-size Ford to its former glory. Crucial projects such as rust repair and dimensional maintenance help guarantee that your Ford will be sound and solid for years to come after the restoration. 8.5 x 11", 192 pgs, 506 photos, Sftbd. ISBN 9781613252327 Part # SA390 $29.95

FORD Y-BLOCK ENGINES: How to Rebuild and Modify by Charles Morris
In this comprehensive rebuild and high-performance build-up guide, a step-by-step rebuild of a stock 292 is provided, complete with explanatory text and captions as well as color photos. Author Charles Morris profiles the building of a modified supercharged 322 engine that uses the latest performance parts and technology developed specifically for this engine series. 8.5 x 11", 144 pgs, 440 color photos, Sftbd. ISBN 9781613250917 Part # SA257 $26.95

HOW TO BUILD MAX-PERFORMANCE FORD FE ENGINES by Barry Rabotnik
The Ford FE (Ford Edsel) engine is one of the most popular engines Ford ever produced, and it powered most Ford and Mercury cars and trucks from the late 50s to the mid 70s. While high-performance build-up principles and techniques are discussed for all engines, author Barry Rabotnik focuses on the max-performance build-up for the most popular engines, such as the 390 and 428. 8.5 x 11”, 144 pgs, 400 color photos, Sftbd. ISBN 9781934709153 Part # SA183 $26.95

FORD FLATHEAD ENGINES: How to Rebuild & Modify by Tony Thacker & Mike Herman
Veteran author Tony Thacker and the flathead guru of H&H Flatheads Mike Herman take you step-by-step through the entire process of a rebuild, including teardown, parts inspection, machine shop processes, replacement part selection, re-assembly, start up, and break-in. 8.5 x 11", 144 pgs, 577 color photos, Sftbd. ISBN 9781613252871 Part # SA379 $26.95

HOW TO BUILD SMALL-BLOCK FORDS by Bob McClurg
Featuring legendary supercharger and turbocharger manufacturers like Paxton, Vortech, Pro-Charger, Garrett-AirResearch and Power Dyne, as well as traditional Roots-style systems, this book covers everything you need to know about supercharging and turbocharging your small-block Ford. The photos in this edition are black & white. 8.5 x 11”, 128 pgs, 425 b/w photos, Sftbd. ISBN 9781613250501 Part # SA95P $26.95

FULL-SIZE FORDS 1971-1976 by David Temple
How to Rebuild & Modify for Max Performance by George Reid
This book quickly turned the performance world upside down after making its debut in the 1970 production models. Ford finally had a small-block that could compete with Chevrolet and Chrysler. This book covers everything you need to know about using tried-and-true modification techniques as well as modern technology to make your Cleveland engine a cutting-edge performer. 8.5 x 11”, 144 pgs, 405 color photos, Sftbd. ISBN 9781613250846 Part # SA55P $26.95

In this comprehensive rebuild and high-performance build-up guide, a step-by-step rebuild of a stock 292 is provided, complete with explanatory text and captions as well as color photos. Author Charles Morris profiles the building of a modified supercharged 322 engine that uses the latest performance parts and technology developed specifically for this engine series. 8.5 x 11", 144 pgs, 440 color photos, Sftbd. ISBN 9781613250917 Part # SA257 $26.95

FORD SMALBLOCK ENGINE PARTS INTERCHANGE by George Reid
This book includes critical information on Ford’s greatest small-block engines and goes into great detail on the highly desirable, high-performance hardware produced throughout the 1960s, 1970s, and 1980s. By combining some of the best parts from various years, great performance potential can be unlocked in ways Ford never offered to the general public. Valuable information on cranks, blocks, heads, cams, intakes, rods, pistons, and even accessories guide you through your project. 8.5 x 11”, 144 pgs, 400 photos, Sftbd. ISBN 9781613252123 Part # SA339 $26.95

FORD SMALL-BLOCK ENGINES: How to Rebuild & Modify by George Reid
This book quickly turned the performance world upside down after making its debut in the 1970 production models. Ford finally had a small-block that could compete with Chevrolet and Chrysler. This book covers everything you need to know about using tried-and-true modification techniques as well as modern technology to make your Cleveland engine a cutting-edge performer. 8.5 x 11”, 144 pgs, 405 color photos, Sftbd. ISBN 9781613250846 Part # SA55P $26.95

FORD 351 CLEVELAND ENGINES: How to Build for Max Performance by George Reid
The Ford 351 Cleveland engine quickly turned the performance world upside down after making its debut in the 1970 production models. Ford finally had a small-block that could compete with Chevrolet and Chrysler. This book covers everything you need to know about using tried-and-true modification techniques as well as modern technology to make your Cleveland engine a cutting-edge performer. 8.5 x 11”, 144 pgs, 405 color photos, Sftbd. ISBN 9781613250846 Part # SA55P $26.95
HOW TO BUILD MAX-PERFORMANCE FORD V-8S ON A BUDGET by George Reid
This book addresses high-performance V-8 engines such as the 260-, 302-, and 351-c.i. small-blocks found in Mustangs, as well as the FE series of big-blocks. Emphasis throughout is a budget approach to building high-performance powerplants through the use of over-the-counter factory components and selected aftermarket pieces. The photos in this edition are black & white. 8.5 x 11", 128 pgs, over 300 b/w photos. Sftbd. ISBN 9781613250765 Part # SA66P ...........................................$24.95  POD Book

4.6L & 5.4L FORD ENGINES: How to Rebuild - Revised Edition by George Reid
This revised edition delivers the complete nuts-and-bolts rebuild story so you can rebuild an engine at home and achieve professional results. With detailed photos and comprehensive captions, a step-by-step process, and expertly detailed in disassembly, machine work, assembly, start-up, break-in, and tuning, 8.5 x 11", 144 pgs. 456 color photos. Sftbd. ISBN 9781613252994 Part # SA156 ......................................$26.95

HOW TO REBUILD BIG-BLOCK FORD ENGINES by Charles Morris
Limas, FE's, and Cleveland's are covered in full detail in this Workbench® rebuild volume. Included are step-by-step heavily illustrated instructions that walk you through the entire engine rebuild process of rebuilding your Ford engine. If you want to breathe new life into your tired old Ford engine, this is the book for you. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 500 b/w photos. Sftbd. ISBN 9781613250890 Part # SA162P ........................................$24.95  POD Book

BUILDING 4.6/5.4L FORD HORSEPOWER ON THE DYNO by Richard Holderen
Includes complete before-and-after dyno graphs. Covers upgrades for 2-, 3-, and 4-valve modular engines, with chapters on throttle bodies and inlet elbows, intake manifolds, cylinder heads, camshafts, nitrous oxide, supercharging, turbocharging, headers, exhaust systems, and complete engine builds. The photos in this edition are black & white. 8.5 x 11", 208 pgs. 340+ b/w photos. Sftbd. ISBN 9781613250282 Part # SA115P ..............................................$29.95  POD Book

1968 SHELBY MUSTANG GT350, GT500 AND GT500KR: Muscle Cars In Detail No. 3 by Greg Kolasa
This book covers the 1968 Shelby GT350, GT500, and GT500KR. It provides an informative and entertaining historical overview, an explanation of the design and concepts involved in creating the cars, a look at marketing and promotion, and an in-depth study of all hardware options, as well as an examination of where the car is in the market today. 8.5 x 11", 96 pgs, 110 photos. Sftbd. ISBN 9781613259295 Part # GT572 ..............................................$18.95

BUILDING HIGH-PERFORMANCE FOX-BODY MUSTANGS ON A BUDGET by George Reid
This is an essential book for anyone who wants to modify this affordable and popular sports car, covering everything from planning your project, engine modification and performance, transmission and driveline upgrades, to suspension performance modification and body modification. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 350 b/w photos. Sftbd. ISBN 9781613250202 Part # SA75P ...........................................$24.95  POD Book

HOW TO SWAP FORD MODULAR ENGINES INTO MUSTANGS, TORINO AND MORE by Dave Stribing
Stribing covers motor-mount selection and fabrication, suspension and chassis modifications, aftermarket suspension options, firewalls and transmission tunnel modifications, engine management system wiring, and provides step-by-step instructions on how to build high-performance engine, engineering the components and parts to fit the engine and chassis, and assembling the cars. 8.25 x 6", 96 pgs, 124 photos. Sftbd. ISBN 9781613253182 Available January 2018 Part # GT589 ..............................................$18.95

MUSCLE CARS IN DETAIL: Detail No. 7 - 1969–1970 FORD MUSTANG BOSS 429: Muscle Cars In Detail No. 7 by Daniel Burrill with Denny Aikridge
The author collaborated with Boss expert Denny Aikridge to give you the straight story on the car, its special equipment, 429 engine, 4-speed Toploader transmission, interior appointments, paint codes, and options. Also featured is the complete story of developing this monumental engine, engineering the components and parts to fit the engine and chassis, and assembling the car. 8.25 x 6", 96 pgs, 124 photos. Sftbd. ISBN 9781613253182 Available January 2018 Part # GT589 ..............................................$18.95

MUSCLE CARS IN DETAIL: Detail No. 9 - 1969 FORD MUSTANG MACH 1: Muscle Cars In Detail No. 9 by Mike Mueller
The 1969 Mach I was Ford's attempt to create a package and a style to match the performance of its recently released and very potent 428-ci Cobra Jet engine package. Displacing the 428 was not the only change that covered both small- and big-block engines in one volume, this book cuts out the small-block information and devotes every page to the FE series and 385 big-blocks from Ford, which allows for more complete and extensive coverage. 8.5 x 11", 144 pgs, 400 photos, Sftbd. ISBN 9781613253441 Part # SA397 ..............................................$26.95

HOW TO RESTORE YOUR MUSTANG 1964½–1973 by Frank Bohanan
Includes installing a crate engine, big high-performance brake kits, coil-over shocks, tubular A-arms, multi-link rear suspension, and many other projects that increase performance. Covers every component group of the car, such as engine, transmission, rear differential, front suspension, rear suspension, steering, chassis, electrics, interior, tires and wheels, and more. The photos in this edition are black & white. 8.5 x 11", 176 pgs, 500 photos. Sftbd. ISBN 9781613254301 Part # SA212P ..............................................$26.95  POD Book

STEVE MAGNANTE’S 1001 MUSTANG FACTS
Whether you’re an avid fan of all Mustangs, a trivia buff who wants to stump your friends, or have a particular affinity for a particular era of Mustangs, this book is an informative and entertaining collection of facts from one of the industry’s most beloved and respected sources. 8.5 x 11", 416 pgs, 100 b/w photos, Sftbd. ISBN 9781613257277 Part # G756 ......................$24.95

Dodge Daytona and Plymouth Superbird: Design, Development, Production and Competition

By Wes Eisenschenk

This volume 5 of CarTech's In Detail series provides an introduction and historical overview, an explanation of the design and concepts involved in creating the 1969 Road Runner, a look at marketing and promotion, an in-depth study of all hardware and available options, as well as an examination of where the car is on the market today. 8.25 x 9", 96 pgs, 120 photos. Sftbd. ISBN 9781613253021 Part # CT580 $18.95

1970 Plymouth Road Runner: Muscle Cars In Detail No. 10

By Scott Ross

The story of Richard Petty’s defection from Plymouth, Mercury Cyclone and the Dodge Daytona/Plymouth Superbird of Chrysler climbing the ladder to NASCAR supremacy. 10 x 10", 176 pgs, 407 b/w and color photos. Sftbd. ISBN 9781613252482 Part # CT561 $34.95

1969 Plymouth Road Runner: Muscle Cars In Detail No. 5

By Wes Eisenschenk

This volume provides an introduction and historical overview, an explanation of the design and concepts involved in creating the car, a look at marketing and promotion, an in-depth study of all hardware and available options, as well as an examination of where the car is on the market today. 8.25 x 9", 96 pgs, 110 photos. Sftbd. ISBN 9781613252970 Part # CT570 $18.95

HEMI: A History of Chrysler’s Iconic V-8 In Competition

By Geoff Stunkard

Whether the Hemi was installed in a Charger, Super Bee, Barracuda, Superbird, or any number of other cars, the engine dominated the competition in NHRA, NASCAR, and other forms of racing. Author Geoff Stunkard retraces the fascinating Hemi competition history and covers the stories of many, many champions, and key developments in the engine’s life. The racing triumphs of Richard Petty, David Pearson, Dick Landy, Don Garlits, and countless others are brought to life in the pages of this book. 8.5 x 11", 192 pgs, 377 photos. Sftbd. ISBN 9781613251881 Part # CT537 $39.95

 нового издания, где представлены детали о наиболее значительных изменениях, внесенных в мотор, а также упомянуты особенности использования нового мотора в гоночных автомобилях. Это поможет читателю лучше понять, как Hemi Performance на самом деле работает и как он может привести к более быстрым скоростям и улучшению динамики машины. Но помните, что перед установкой или модернизацией двигателя всегда рекомендуется обратиться к профессионалам, чтобы избежать возможных ошибок и повредить машину.
MOPAR B-BODY RESTORATION: 1966–1970 by Kevin Shaw & Mike Wilkins
This book offers an in-depth resource for restoring a Mopar B-Body. Step-by-step processes walk you through the tasks of metal repair, suspension rebuild, drive-line verification, interior restoration, and more. All components are addressed, creating the most complete resource in the marketplace. 8.5 x 11”, 176 pgs, 500 photos, Sftbd. ISBN 9781613253243 Part # SA389 Available May 2018............................$26.95

HOW TO REBUILD THE SMALL-BLOCK MOPAR by William Burt
This is the most comprehensive rebuild book on small-block Mopar engines ever released, covering 373-, 383-, 400-, and 440-ci LA engines and 5.2- and 5.9-liter Magnum V-8s. Topics covered include removal, tear down, inspection, selecting parts, machine shop work, and assembly. Special sidebars cover torque sequences, cc’ing heads, calculating compression ratio, and painting engine parts. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, approx. 600 b/w photos, Sftbd. ISBN 9781613250587 Part # DA143P .........................$24.95 POD Book

HOW TO BUILD MAX-PERFORMANCE BUICK ENGINES by Jefferson Bryant
Covers everything from the nailheads of the 50s and early 60s, to the later generations of F-Body regular models, Formula 400 builds, and the later V-6 engines of the 70s and 80s. It supplies the most up-to-date information on heads, blocks, cams, rotating assemblies, interchangeability, and oiling-system improvements and modifications, along with details on the best performance options available, avenues for aftermarket support, and much more. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, approx. 320 b/w photos, Sftbd. ISBN 9781934709870 Part # DA146P .........................$24.95 POD Book

MOPAR SMALL-BLOCK ENGINES: How to Build Max Performance by Larry Shepard
If you own an LA small-block powered Mopar car or truck, this invaluable guidance and instruction helps you optimize performance and maintain reliability. Mopar engine expert and author Larry Shepard identifies the best parts and guides you through the specific techniques to extract maximum performance from this platform. 8.5 x 11”, 144 pgs, 400 photos. Sftbd. ISBN 9781613252802 Part # SA377 .........................$26.95

HOW TO BUILD MAX-PERFORMANCE OLDSMOBILE V-8s by Rocky Rotella
In this revised edition of Oldsmobile V-8 Engines: How to Build Max Performance, the author provides additional information for extracting the best performance. In particular, he goes into greater detail on ignition systems and other areas of performance. A complete review of factory blocks, cranks, heads, and more is teamed with a thorough review of available aftermarket equipment. Whether mild or wild, the important information on cam selection and Olds-specific engine building techniques are all here. 8.5 x 11”, 144 pgs, 404 color photos, Sftbd. ISBN 9781613251744 Part # SA172 .........................$26.95

MOPAR B-BODY PERFORMANCE UPGRADES 1962–1979 by Andy Finkbeiner
This book explains how to choose the ideal heads, cams, intake, and carb for a complete top-end performance package. In addition, the author discusses and explains the building of a stroker engine. All the stock disc upgrades and aftermarket offerings are included, including Baer and Wilwood systems. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, 400 b/w photos, Sftbd. ISBN 9781613252505 Part # SA191P .........................$29.95

HOW TO BUILD MAX-PERFORMANCE OLDSMOBILE V-8s by Rocky Rotella
Rebuilding a Pontiac V-8 is no longer a mystery as the author steers you through each step of the process with photos and comprehensive captions. He guides you through pulling an engine, disassembly, block inspection, rotating assembly inspection and upgrade, and guiding machine work, so you can meet your performance requirements. 8.5 x 11”, 144 pgs, 400 color photos, Sftbd. ISBN 9781613250358 Part # SA200 .........................$26.95

NEW CHRYSLER A-833 TRANSMISSIONS: How to Rebuild and Modify by Jamie Passon
The author, of Passon Performance, has used his decades of knowledge on the A-833 to create the ultimate book on rebuilding a Chrysler 4-speed. Passon concentrates on disassembling, inspecting, repairing, and reassembling the A-833. More than 400 photos featuring how-to sequences walk you through each phase. 8.5 x 11”, 144 pgs, 400 photos. Sftbd. ISBN 9781613253243 Part # SA389 Available May 2018............................$26.95

MANCE MOPAR BIG-BLOCKS
This book explains how to choose the best big-blocks are quite capable of big-cube power. Whether mild or wild, the important information on cam selection and Red engine building techniques are all here. 8.5 x 11”, 144 pgs, 400 b/w photos, Sftbd. ISBN 9781613253250 Part # SA171P .........................$24.95 POD Book

MANCE BUICK ENGINES
How to Build Max Performance - Revised Edition by Bill Travis
In this revised edition of Oldsmobile V-8 Engines: How to Build Max Performance, the author provides additional information for extracting the best performance. In particular, he goes into greater detail on ignition systems and other areas of performance. A complete review of factory blocks, cranks, heads, and more is teamed with a thorough review of available aftermarket equipment. **HOW TO REBUILD AND MODIFY CARTER/EDDELBROCK CARBURETORS**
by Dave Emanuel
Covers rebuilding, tuning, and modifying Carter and Edelbrock carburetors. Also features history of Carter as well as the history of the AFB and the AVS since the purchase by Edelbrock. Outlines carburetor types, and offers detailed information on modifications, tuning, and rebuilding. The photos in this edition are black & white. 8.5 x 11", 128 pgs, 350 b/w photos, Stb/d. ISBN 9781613250067 Part # SA310P ... $24.95 POD Book

**HOW TO TUNE AND WIN WITH DEMON CARBURETORS**
by Ray Bohacz
Provides a detailed look at carburetor and engine theory in an easy-to-understand manner, and is a guide for choosing the correct carburetor for the application. Tuning tips for racing and street/strip use are included. Each of the four Demon models are analyzed in detail along with the basics of combustion, airflow, emissions, fuel systems, and gasoline. The photos in this edition are black & white. 8.5 x 11", 160 pgs, 300 b/w photos, Stb/d. ISBN 9781613250006 Part # SA468P ... $24.95 POD Book

**EFI CONVERSIONS: How to Swap Your Carb for Electronic Fuel Injection**
by Tony Candela
Tony Candela reveals the attributes of each EFI system you can select the one that’s ideal for your car. He shows you how to install TBI and MPFI systems as well as the complete rework of an improperly installed and poorly functioning EFI system. He also explains each crucial step for calibrating these systems in your own garage. You learn how to optimise your electrical and fuel delivery system as well as integrate ignition and computer control with aftermarket EFI systems. 8.5 x 11", 144 pgs, 400 color photos, Stb/d. ISBN 9781613250839 Part # SA261 ... $26.95 POD Book

**MODERN ENGINE BLUEPRINTING TECHNIQUES: A Practical Guide to Precision Engine Building**
by Mike Mavrigian
Mike Mavrigian explains and illustrates the most discriminating engine building techniques and performs detailed procedures, so the engine is perfectly balanced, matched, and optimized. 8.5 x 11", 192 pgs, 474 color photos. Stb/d. ISBN 9781613250471 Part # SA330 ... $26.95 POD Book

**HOW TO BUILD ALTERNED WHEELBASE CARS**
by Steve Magante
Steve Magante first walks you through the colorful history of the altered wheelbase period and then shows you how to perform these radical modifications yourself. Covers floorpan mods, chassis alterations, and both front and rear suspension upgrades on three different chassis types. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 450 b/w photos. Stb/d. ISBN 9781613250741 Part # SA214P ... $29.95 POD Book

**COMPETITION ENGINE BUILDING: Advanced Engine Design & Assembly Techniques**
by John Baechtel
Focuses on the needs of high-RPM, high-durability, high-powered racing engines. It is the premier guide for engine builders and students of the racing engine. It also serves as a reference guide for experienced professionals eager to learn the latest techniques and see how the newest tools are used. The photos in this edition are black & white. 8.5 x 11", 176 pgs, 320 b/w photos. Stb/d. ISBN 9781613252888 Part # SA214P ... $29.95 POD Book

**HOW TO REBUILD AND MODIFY ROCHSTER QUADRAJET CARBURETORS**
by Cliff Ruggles
A complete guide to selecting, rebuilding, and modifying the Q-Jet, aimed at both muscle car owners and racers. It includes a history of the Q-Jet, an explanation of how the carb works, a guide to rebuilding and finding the right carb, instructions on how to rebuild the carb, and extensive descriptions of high-performance modifications. 8.5 x 11", 128 pgs, approx. 300 color photos. Stb/d. ISBN 9781934709858 Part # SA216 ... $29.95 POD Book

**MUSCLE CAR EXHAUST SYSTEMS**
by Cliff Ruggles
Covers the most discriminating engine modifications. 8.5 x 11", 192 pgs, approx. 300 b/w photos, Sftbd. ISBN 9781613251980 Part # SA215 ... $26.95 POD Book

**PERFORMANCE EXHAUST SYSTEMS: How to Design, Fabricate & Install by Mike Mavrigian**
Explains exhaust system principles, function, and components in clear and concise language. Mavrigian details how to design, fabricate, and fit exhaust systems to classic street cars as well as special and racing applications. 8.5 x 11", 144 pgs, 354 color photos. Stb/d. ISBN 9781613251516 Part # SA277 ... $26.95 POD Book

**ADVANCED ENGINE DESIGN & ASSEMBLY TECHNIQUES**
by Steve Magante
This is the definitive work on dynamometers and computerized engine management systems to classic street cars as well as all the recent releases from Holley, including the Ultra 4150 Double Pumper, Dominator, and street/strip use are included. Each of the four Demon models are analyzed in detail along with the basics of combustion, airflow, emissions, fuel systems, and gasoline. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 450 color photos. Stb/d. ISBN 9781613250723 Part # SA148P ... $24.95 POD Book

**HOW TO TUNE AND WIN WITH DEMON CARBURETORS**
by Ray Bohacz
Provides a detailed look at carburetor and engine theory in an easy-to-understand manner, and is a guide for choosing the correct carburetor for the application. **PERFORMANCE ENGINE MATH**
by John Baechtel
Walks you through the wide range of dimensions to be measured and formulas used to design and develop powerful engines. Goes into great detail on how to use the data acquired to design a powerful and improve the durability and reliability of high-performance engines. 8.5 x 11", 160 pgs, 175 color photos. Stb/d. ISBN 9781934709474 Part # SA204 ... $29.95 POD Book

**HOW TO AUTO CROSS**
by Andrew Reis
Covers basic modifications such as tire pressures, alignment, and dampers, to more advanced modifications that go beyond the stock classes. Includes coverage of accelerating, braking, weight transfer, shifting, corners, slaloms, and finding that perfect line. There is even information on car classes, driver schools, data logging, how events are typically run, and how to find events in your area. The photos in this edition are black & white. 8.5 x 11", 144 pgs. approx. 350 b/w photos. Stb/d. ISBN 9781613250235 Part # SA148P ... $24.95 POD Book

**HOW TO DRIFT: The Art of Oversteer**
by Paul Morton
This is a comprehensive guide to driving technique and car setup. Author Morton explains what it takes to be a talented driver and his methods of drifting, and provides technical descriptions and detailed line art and photos. He goes on to explain how you need to modify your car’s suspension, chassis, engine, and driveline to enhance its ability to drift. The photos in this edition are black & white. 8.5 x 11", 128 pgs, 350 b/w photos, Stb/d. ISBN 9781613250196 Part # SA118P ... $24.95 POD Book

**HOW TO REBUILD AND MODIFY CARTER/EDDELBROCK CARBURETORS**
by Dave Emanuel
Covers rebuilding, tuning, and modifying Carter and Edelbrock carburetors. Also features history of Carter as well as the history of the AFB and the AVS since the purchase by Edelbrock. Outlines carburetor types, and offers detailed information on modifications, tuning, and rebuilding. The photos in this edition are black & white. 8.5 x 11", 128 pgs, 350 b/w photos, Stb/d. ISBN 9781613250067 Part # SA310P ... $24.95 POD Book

MUSCLE CAR INTERIOR RESTORATION GUIDE by Daniel Strohl
Info on tools, materials, techniques, and procedures for professionally completing a muscle car restoration. Covers instrument panel and dashboard restoration, electrical system restoration, steering wheel, steering column and pedal restoration, and firewall pad restoration. Includes restoring carpet, headliners, doors, door panels, glass restoration or replacement, convertible top restoration, and upholstery replacement vinyl and leather seat repair. The photos in this edition are black & white. 8.5 x 11”, 160 pgs, 400 b/w photos, Sttbd. ISBN 9781613253663 Part # SA167P .....................$29.95  POD Book

PAINT, BODY & ELECTRICAL SYSTEMS

NEW

AUTOMOTIVE UPHOLSTERY & INTERIOR RESTORATION by Pat Matson
Starting with a list of necessary tools, the author guides you through various tasks including seat restoration; door panel removal, patterning, assembly, and installation; headliner removal and installation; carpet cutting; and convertible top restoration. 8.5 x 11”, 192 pgs, 519 photos, Sttbd. ISBN 9781613253311 Part # SA903 .....................$29.95

MUSCLE CAR INTERIOR RESTORATION GUIDE by Daniel Strohl
Info on tools, materials, techniques, and procedures for professionally completing a muscle car restoration. HOW TO PAINT YOUR CAR ON A BUDGET by Pat Ganahl
Unveils dozens of secrets that help you paint your own car. From simple scuff-and-squirt jobs to full-on, door-jams-and-everything paint jobs, Ganahl tells you all you need to know to get a great-looking coat of paint on a budget. Covers painting equipment, the ins and outs of prep, masking, painting and sanding techniques. 8.5 x 11”, 128 pgs, approx. 400 color photos, Sttbd. ISBN 9781932494426 Part # SA135 ..................$26.95

POWDER COATING: A How-to Guide for Automobile, Motorcycle, Bicycle & Other Parts by Jeffrey Zurschmeide
The author explains the process, principles, and options, so you can powder coat all your favorite parts and components. Because it’s more durable than paint, many car owners choose to powder coat frame, suspension, and other parts to withstand extreme conditions and the elements. Zurschmeide profiles all the equipment, supplies, and popular kits required for powder coating parts. 8.5 x 11”, 128 pgs, 285 color photos, Sttbd. ISBN 9781613251423 Part # SA296 .....................$26.95

HOW TO FABRICATE AUTOMOTIVE FIBERGLASS & CARBON FIBER PARTS by Daniel Burrill with Jeffrey Zurschmeide
This book continues on completing common and advanced projects at home in the garage. Whether repairing existing components, fabricating new ones, building a race car, or restoring a classic, this is the one book to guide you through each critical stage. The photos in this edition are black & white. 8.5 x 11”, 160 pgs, 400 photos, Sttbd. ISBN 9781613253663 Part # SA280P ....$24.95  POD Book

AUTOMOTIVE WIRING AND ELECTRICAL SYSTEMS VOL. 2: PROJECTS by Tony Candela

In this revised edition (formerly titled Automotive Electrical Performance Projects) detailed color photos and explanatory step-by-step captions detail the installation of the most popular, functional, and beneficial upgrades for enthusiasts of varying skill levels. Just a few of the projects included are: maximizing performance of electric fans; installing electronic gauges; upgrading charging systems; and installing a complete aftermarket wiring harness, which is no small task. Each facet is covered in amazing detail. 8.5 x 11", 144 pgs, 394 color photos, Stodb. ISBN 9781932494867 Part # SA346 ........................................ $26.95

AUTOMOTIVE SHEET METAL FORMING & FABRICATION by Matt Joseph

The basics of electrical principles, including voltage, amperage, resistance, and Ohm’s law, are revealed in clear and concise detail, so you understand what they mean in the construction and repair of automotive electrical circuits. All the tools and proper equipment required for automotive electrical tasks are covered. 8.5 x 11", 144 pgs, approx. 380 color photos, Stodb. ISBN 9781932494874 Part # SA160 ........................................ $26.95

HOW TO REBUILD AND MODIFY HIGH-PERFORMANCE MANUAL TRANSMISSIONS by Paul Cangialosi

Guides you through the rebuilding process for most high-performance transmissions, including Borg WARNER T10 and super T10, GM/Muncie, Ford 4-speed, and Tremec T5. In addition, the book clearly explains theory, gear-ratio calculation, synchro function, and gear design features. Clutch selection and setup and shifter modification are covered as well. 8.5 x 11", 128 pgs, approx. 475 color photos, Stodb. ISBN 9781934709207 Part # SA103 .................. $26.95

FORD AOD TRANSMISSIONS: Rebuilding and Modifying the AOD, AODE, and 4R70W by George Reid

Author George Reid walks you through the process step-by-step, from removing the transmission from the vehicle, to complete disassembly and cleaning, to careful reassembly, and to proper re-installation and road testing. Performance modifications are also covered, as well as an ID guide for various model numbers, evolutionary design changes, shift kit installation, and torque converter selection. 8.5 x 11", 144 pgs, 566 color photos, Stodb. ISBN 9781613251140 Part # SA279 ................. $26.95

TRANSMISSIONS & DRIVELINES

HOW TO DESIGN AND INSTALL IN-CAR ENTERTAINMENT SYSTEMS by Jefferson Bryant

The author covers audio/video, navigation, communication, and entertainment technology, and how you can create a complete custom system or an integrated stock/ aftermarket set. Features how-to instructions, descriptions of hook-ups, mechanical upgrades such as charging systems, and a comprehensive resource guide. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 375 b/w photos, Stodb. ISBN 9781613252074 Part # SA163P ...................... $24.95 ☀ POD Book

WELD LIKE A PRO: Beginning to Advanced Techniques by Gerald Ustrach

In this revised edition of the previous title, Gerald Ustrach, long-time American Welding Society member, shows you how to perform basic welding procedures with steel and cast iron. He also reveals advanced welding techniques and the use of aluminum, titanium, magnesium, stainless steel, and other specialty materials. Projects and techniques are focused on automotive applications, but they can also be used for welding a bicycle frame, a steel grill, and other everyday fixes. 8.5 x 11", 144 pgs, 428 color photos, Stodb. ISBN 9781613252215 Part # SA343 ...................... $26.95

AUTOMOTIVE BODYWORK and RUST REPAIR by Matt Joseph

Shows you the ins and outs of tack-ling, body and simple and difficult rust and metalwork projects. How to use the proper tools, preparing and cleaning sheet metal, section fabrication and repairs, rust patches, gas and electric welding, forming, fitting, smoothing, cutting metal, final filing, sanding, lead filing, making panels fit properly, and more. 8.5 x 11", 160 pgs, 400 color photos, Stodb. ISBN 9781932494976 Part # SA166 ................................ $26.95

HOW TO REBUILD & MODIFY FORD C4 and C6 AUTOMATIC TRANSMISSIONS by Cliff Ruggles

Walks you through the process step-by-step, from removing the transmission from the vehicle, to complete disassembly and cleaning, to careful reassembly and proper re-installation. Additionally, if the transmission will be used in a high-performance situation, the author includes the various steps required to bolster the unit’s strength, using commonly available aftermarket components. 8.5 x 11", 144 pgs, 600 color photos, Stodb. ISBN 9781934709825 Part # SA227 ..................... $26.95

FORD AOD TRANSMISSIONS: Rebuilding and Modifying the AOD, AODE, and 4R70W by George Reid

Author George Reid walks you through the process step-by-step, from removing the transmission from the vehicle, to complete disassembly and cleaning, to careful reassembly, and to proper re-installation and road testing. Performance modifications are also covered, as well as an ID guide for various model numbers, evolutionary design changes, shift kit installation, and torque converter selection. 8.5 x 11", 144 pgs, 566 color photos, Stodb. ISBN 9781613251140 Part # SA279 ................. $26.95

GM AUTOMATIC OVERDRIVE TRANSMISSIONS, TRANSMISSION BUILDER’S AND SWAPPER’S GUIDE by Cliff Ruggles

Demystifies the popular GM 700-R4 and 4L60 automatic transmissions and explains the history of these transmissions, presents critical identification guidelines, and leads you through the complete disassembly, repair, upgrade, and assembly processes. DIY-ers learn how to test their transmission to ensure its proper operation before installing it in the car. Also included is a special swapping section by expert Ro McGonegal. 8.5 x 11", 128 pgs, 400 color photos, Stodb. ISBN 9781932494950 Part # SA140 ................. $26.95

HOW TO REBUILD & MODIFY GM TURBO 400 TRANSMISSIONS by Cliff Ruggles

Takes you through the complex rebuild procedure of GM’s most popular rear-wheel-drive automatic transmission. Ruggles walks you through the step-by-step rebuild procedures in a series of full-color photos for this popular transmission model. Optional upgrades and time-saving tips for every buildup are also included. 8.5 x 11", 144 pgs, 400 color photos, Stodb. ISBN 9781934709207 Part # SA188 .................. $26.95

GM TURBO 350 TRANSMISSIONS: How to Rebuild and Modify by Cliff Ruggles

Respected automotive technical author Cliff Ruggles guides you through the complex rebuild procedure of GM’s popular rear-wheel-drive automatic transmission. He goes through the step-by-step rebuild and performance upgrade procedures in a series of full-color photos. He includes instruction on removal and installation, tear-down procedures, parts inspection and replacement, as well as performance mods and shift kit installation. 8.5 x 11", 144 pgs, 563 color photos. Stodb. ISBN 9781613251898 Part # SA326 .................. $26.95

HOT RODS

THE COMPLETE BUILDER’S GUIDE TO HOT ROD CHASSIS AND SUSPENSION by Jeff Tann

Covers every detail one needs to know about designing and building a new chassis and suspension system. Thoroughly explores both factory and aftermarket hot-rod and racing chassis and suspension systems, solid-axle suspensions, and aftermarket independent front and rear suspension setups. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 665 b/w photos, Stodb. ISBN 9781613251409 Part # SA185P .................. $24.95 ☀ POD Book

sequences walk you through each phase. More than 400 photos featuring how-to disassembling, inspecting, repairing, and reassembling the A-833. The author, of Passon Performance, Modify and Upgrade, delves into popular high-performance axles and rear ends. In addition, it explains differential basics, rear differential housings, rebuilding the rear differential for non-posi, limited-slip differentials, factory differentials, ring and pinion gears, axles, drive shafts, and U-joints. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250792 Part # SA170 ……………..$26.95

MUNCIE 4-SPEED TRANSMISSIONS: How to Rebuild and Modify by Paul Ganglaisi The author has created an indispensable reference to Muncie 4-speeds that guides you through each crucial stage of the rebuild process. Comprehensive ID information is provided, so you can positively identify the cases, shafts, and related parts. It discusses available models, parts options, and gearbox cases. Most important, it shows how to completely disassemble the gearbox, identify wear and damage, select the best parts, and completely rebuild the 8.5 x 11", 144 pgs, 385 color photos, Sftbd. ISBN 9781613251065 Part # SA278 ……………..$26.95

Ford differentials: How to Rebuild the 8.8 and 9 Inch by Joe Palazolo The 8.8-inch Ford differential is popular because the Performance Fords from the 1960s and 1970s, and their use for racing and swaps; wheel and tire upgrades; aftermarket accessories; and more on the types of suspensions available from all the major manufacturers including Jeep, Toyota, Ford, Chevy, and Dodge. The photos in this edition are black & white. 8.5 x 11", 144 pgs, approx. 260 b/w photos, Sftbd. ISBN 9781613250822 Part # SA137 ……………..$24.95

4X4 SUSPENSION HANDBOOK by Trenton McGee This book covers front and rear solid axle, twin-tract beam, and independent suspension systems, as well as coil springs, leaf springs, shocks, and more on the types of suspensions available from all the major manufacturers including Jeep, Toyota, Ford, Chevy, and Dodge. The photos in this edition are black & white. 8.5 x 11", 144 pgs, approx. 260 b/w photos, Sftbd. ISBN 9781613250822 Part # SA137 ……………..$24.95

HIGH-PERFORMANCE DIFFERENTIALS, AXLES & DRIVELINES by Joe Palazolo Covers the Chrysler 8-bolt, Ford 9-inch, and Dana units as well as many other popular high-performance axles and rear ends. In addition, it explains differential basics, rear differential housings, rebuilding the rear differential for non-posi, limited-slip differentials, factory differentials, ring and pinion gears, axles, drive shafts, and U-joints. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250792 Part # SA170 ……………..$26.95

JEEP CHEROKEE XJ 1984–2001: Advanced Performance Modifications by Eric Zappe Covers upgrades and modification of all major components to provide a complete performance package for maximum off-road performance. Dedicated off-roaders need to substantially modify and upgrade the Cherokee for rock crawling, mud running, and other extreme applications. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781613250792 Part # SA249 ……………..$26.95

JEEP CHEROKEE PERFORMANCE UPGRADES: 1984–2001 This book is about building a useful, capable Cherokee for mountains, mud, desert, street, and everywhere in between. For Eric Zappe explains how to upgrade your Cherokee’s suspension, axles, differentials, engine, transfer case, wheels and tires, skid plates, and more, using aftermarket and OEM-type parts. 8.5 x 11", 144 pgs, 400 photos, Sftbd. ISBN 9781613251788 Part # SA109 ……………..$26.95

JEEP CHEROKEE JK 2007–PRESENT: Performance Modifications by Don Alexander and Quinn Thomas Whether it’s lift kits, wheels, tires, drivetrain, or suspension and engine parts, this book provides detailed information, insightful guidance, and installation instructions, so you can build an off-road JK to handle the toughest terrain. 8.5 x 11", 144 pgs, 400 photos, Sftbd. ISBN 9781613253595 Available March 2018 Part # SA445 ……………..$26.95

JEEP 4.0 ENGINES: How to Rebuild and Modify by Larry Shepard Veteran author and Chrysler/Jeep engine expert Larry Shepard covers the rebuild of an entire engine in technical detail. He also delves into popular high-performance modifications and build-ups. Whether it’s lift kits, wheels, tires, drivetrain, or suspension and engine parts, this book provides detailed information, insightful guidance, and installation instructions, so you can build an off-road JK to handle the toughest terrain. 8.5 x 11", 144 pgs, 400 photos, Sftbd. ISBN 9781613251516 Available March 2018 Part # SA294 ……………..$26.95

JEEP CJ 1972–1986: How to Build and Modify by Michael Hanssen Jeep guru Michael Hanssen covers all of the systems that can be upgraded to improve your Jeep’s performance. Upgrades include suspension components such as springs, shocks, and shocks for leaf; steering, and driveline; electronic tuners, and choosing between nitrous oxide and propane injection. Popular turbo diesel engines are covered including Ford Power Stroke, GM Duramax, and Dodge Cummins B and ISB. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 250 b/w photos, Sftbd. ISBN 9781613250582 Part # SA129P ……………..$26.95

HIGH-PERFORMANCE DIESEL BUILDERS’ GUIDE by Aketli Covers all aspects of the modern turbocharged diesel engine: intake system, camshaft, cylinder heads, fuel system, compression, transaxles, transmissions, and gearing. Also covered are airflow components, including the turbocharger and intercooler, using and choosing between nitrous oxide and propane injection. Popular turbo diesel engines are covered including Ford Power Stroke, GM Duramax, and Dodge Cummins B and ISB. The photos in this edition are black & white. 8.5 x 11", 144 pgs, 250 b/w photos, Sftbd. ISBN 9781613250582 Part # SA129P ……………..$26.95

HOW TO REBUILD FORD POWER STROKE DIESEL ENGINES 1994–2007 by Bob McDonald Covers the vast majority of Power Stroke Diesel engines on the road, and gives you the full story on their design. Each part of the engine is described and discussed in detail, with full-color photos of every critical component. A full and complete step-by-step engine rebuild is also included. 8.5 x 11", 144 pgs, 400 color photos, Sftbd. ISBN 9781935709610 Part # SA213 ……………..$26.95

CHASSIS & SUSPENSION

HOW TO HOOK AND LAUNCH: Traction Mods for Street & Strip by Dick Miller
Getting the rear tires to really bite and gain maximum traction is divided into several small steps, and Miller walks you through each phase of the launch. Today’s enthusiasts face a wide range of potential traction improvements, from softer tires and basic bolt-ons to complete or partial chassis replacements. Most opt for something in-between, where some well-engineered components are chosen to replace the factory equipment and offer a greater capability and range of adjustment. It is this range of upgrades where Miller spends most of his time, explaining what the parts and pieces do, and how to use them to their highest potential. 8.5 x 11”, 128 pgs, 230 color photos, Stbtd. ISBN 9781934709351 Part # SA195 .................................................... $26.95

HIGH-PERFORMANCE BRAKE SYSTEMS: Design, Selection, and Installation by James Walker, Jr.
This book helps you understand how and why your brake system works, what each of the components does, and how to intelligently upgrade your brakes for better performance. There are chapters showing you how to choose and install the most effective rotors, calipers, pads, and tires for your sports car, muscle car, race car, and street rod. You will even find special sidebars detailing how each upgrade will affect your ABS. The photos in this edition are black & white. 8.5 x 11”, 144 pgs, 330+ b/w photos, Stbtd. ISBN 9781613250549 Part # SA126P .................................................... $24.95 POD Book

HOW TO MAKE YOUR MUSCLE CAR HANDLE by Mark Savitske
Suspension expert Mark Savitske, owner of Savitske Classic and Custom, lays out all the relevant options and covers the latest products in this new revised edition. He delves into tubular control arms, shocks, coil springs or torsion bars, and other suspension parts that dramatically improve muscle car handling. 8.5 x 11”, 144 pgs, 326 photos, Stbtd. ISBN 9781613251751 Part # SA175 .................................................... $26.95

ALUMINUM TRAILERS

STREAMLINE ALUMINUM TRAILERS: Restoration and Modification by Daniel Hall
The author, of the vintage restoration company Camper Reparadise, addresses all items of streamline trailer restoration thoroughly in this one-stop-shopping book. Key restoration components including chassis, floor, exterior/interior skin, electrical elements, insulation, doorjamb rehabilitation, LP plumbing, and polishing are covered comprehensively in a visual, step-by-step format. 8.5 x 11”, 176 pgs, 508 photos, Stbtd. ISBN 9781613252277 Part # S2344 .........$29.95

NOSTALGIA ROAD

Written by acknowledged experts and using predominantly period photographs, Nostalgia Road presents highly acclaimed transport titles narrating the history of the British manufacturing industry. Recording the golden age of motoring, these books bring back memories of the days when vehicles were individual and distinctive, and when a road journey was a grand adventure!

CITROËN CARS by Malcolm Bobbitt
This book covers Citroën’s significant contribution to Britain’s motor industry, through its 40-year history of car assembly at Slough. 5.75 x 8.25”, 64 pgs, 80 photos, Stbtd. ISBN 9781908347008 Part # NR700 .............$12.95

EARLY BRITISH GRAND PRIX by Trevor Pask
Over the years, Grand Prix racing in Britain has taken place over a number of circuits and Trevor Pask examines the history of the Grand Prix in Britain from its relatively humble origins through to the 1970s. 5.75 x 8.25”, 64 pgs, 80 photos, Stbtd. ISBN 9781908347053 Part # NR705 .............$12.95

ROLLS-ROYCE MOTORs: The Crewe Years by Malcolm Bobbitt
This book covers the five generations of Rolls-Royces and Bentleys built at Crewe from the company’s wartime car assembly at Slough. 5.75 x 8.25”, 64 pgs, 80 photos, Stbtd. ISBN 9781908347183 Part # NR718 .............$12.95

BENTLEY MOTORS 1945–1964 by Malcolm Bobbitt
Recalls Bentley development in the late 1930s and early 1940s which led to the introduction in 1946 of the Mark VI, a fine car embodying the luxuries and qualities of its predecessors. 8.25 x 8”, 52 pgs, 110 photos, Stbtd. ISBN 9781903016602 Part # NR660 .............$12.95

VOLKSWAGEN TRANSPORTER AND CAMPER 1949–1967 by Richard Copping
This book explores the history of the first-generation model, including the camper van, from its post-war origins through the end of production in the mid-1970s. 5.8 x 8.3”, 64 pgs, 100 photos, Stbtd. ISBN 9781908347268 Part # NR726 .............$12.95

VOLKSWAGEN TRANSPORTERS 1950–1990 by Richard Copping
1990 heralded the 40th anniversary of VW Transport production and the end of production of the third variant of the series. Here is the history of Volkswagen’s ubiquitous commercial vehicle. 8.25 x 8”, 52 pgs, 90 photos, Stbtd. ISBN 9781908347169 Part # NR716 .............$39.95

A-Z OF THREE-WHEELERS: A definitive reference guide since 1769 by Elvis Payne
Love them or loathe them the three-wheeler. Cyclecar or even Tri-car, has had an important impact in the development of the present day motor car. This book is a comprehensive guide to this classic mode of transport. 10 x 10”, 272 pgs, 450 photos, Hbdtd. ISBN 9781908347169 Part # NR716 .............$39.95

SOUPING THE STOCK ENGINE by Roger Huntington
Reprinted from the 1950 classic, this true hot rodders’ guidebook provides effective methods for tuning all types of stock engines from the conservative road car to full-race capability. This book includes general engine performance, stock-engine characteristics, and basic planning for modifications. 5.5 x 8.5”, 192 pgs, 134 b/w photos, Softbds. ISBN 9781931128131 Part # CB813 $19.95

FORDS OF THE SIXTIES by Michael Parris
Here are the inside stories of Ford during the Total Performance 1960s. This decade brought us the Falcon, the Mustang, Shelby Cobras, and motorsports wins from Indy and NASCAR to Trans-Am and Le Mans. This all-color classic is a must for your library. 8.5 x 11”, 192 pgs, 200 color photos, Softbds. ISBN 9781931128162 Part # CB816 $24.95

Note: Prices subject to change.
THE VOLKSWAGEN GOLF STORY: 40 Years of the Second
People’s Car by Russell Hayes
This meticulously researched book celebrates the Golf in the fullest detail yet. Containing over 300 photographs and much original material, it is both a timely reminder of the Golf’s enduring appeal and a fitting tribute to a motoring legend. 9 x 11", 288 pgs, 330 photos, Hdbd. ISBN 9780992876906 Part # BP690 .........................................................$59.95

FORMULA 1 IN CAMERA, 1960-69: Volume Two
by Paul Parker
Meticulously researched photographs are brought to life through the author’s renowned commentary to create a visually stunning and highly nostalgic record of this dramatic decade in Formula 1 racing. 9 x 11", 240 pgs, 300 photos, Hdbd. ISBN 9780992876920 Part # BP692 .........................................................$65.00

SPORTS CAR RACING IN CAMERA, 1960-69: Volume Two
by Paul Parker
The acclaimed In Camera series returns to take a further look at sports car racing in the 1960s. This beautifully illustrated second volume reveals not only the reality and hazards of period racing but also its magnificence. 9 x 11", 240 pgs, 305 photos, Hdbd. ISBN 9780992876944 Part # BP694 .........................................................$79.95

AMERICAN TATTOOS
by Doug Mitchell
Whether its Old Glory in red, white, and blue spread across a bicep, or the Harley-Davidson bar and shield these images are among the most compelling ever seen. Tattoos seen today are significantly different than those seen 10 or 20 years ago. Ten chapters cover not just the American flag and the world’s most famous logo, but also nautical themes, the American Bald Eagle, and military tattoos. 8.5 x 11", 144 pgs, 450 color photos, Sftbd. ISBN 9781929133870 Part # WP397 .........................................................$27.95

TATTOO BIBLE—BOOK TWO
by Superior Tattoo
This book includes sketches in graphic, charcoal, and ink pen done over a period of years. The style is referred to by many in the tattoo industry as “high contrast” black-and-gray work, but each is uniquely the work of Nate Powers. In some cases he includes the initial sketch and a photo of the finished tattoo. 8.5 x 11", 112 pgs, 150 photos, Sftbd. ISBN 9781935828884 Part # WP888 .........................................................$27.95

THE COLORFUL WORLD OF TATTOO MODELS
by Akos Banfalvi
An intimate and colorful look at some of the world’s best tattoo models. Representing the US, the UK, and Europe, each model wears tattoos that range from the traditional to the avant-garde. More than 25 models fill this book. The sexy, sometimes subtle and often erotic, photos are exceptional. 10 x 10", 144 pgs, 250 color photos. Sftbd. ISBN 9781935828716 Part # WP871 .........................................................$34.95

WOLFGANG PUBLICATIONS
GEORGE THE PAINTER: A Bathroom Reader by George Frizzell
This book is five years worth of George Frizzell's columns. Whether the topic is motorcycles, the posers who ride them, or his trip from Arizona to the East Coast, the prose is entertaining and truly unique.

MICKEY HARRIS
AIRBRUSH HOW-TO WITH PAINTING & PINSTRIPING
By Mickey Harris
Mickey Harris is the ideal author to explain here lend themselves to both motorcycle and automotive builders and customizers.

CUSTOM MOTORCYCLE FABRICATION: MATERIALS, Welding, Mill and Lathe 101, Chassis Assembly by Timothy Remus
Learn how professionals bypass the catalog and build their parts from scratch instead. This is an essential building book. By thoroughly learning the necessary skills needed to assemble a truly unique motorcycle. Some commonly fabricated parts such as handle bars and exhaust systems are covered as well as a look at sections on building simple brackets and mounts.

LEARNING THE ENGLISH WHEEL by William H. Longyard
Despite the fact that thousands of English wheel machines have been sold in the past ten years there is currently no book dedicated to English wheeling. This book covers all aspects, from making your own wheel to learning the basics, from fabricating high-crown panels to reverse flares. 8.5 x 11", 144 pgs, 350 photos.

POWER HAMMERS: Using the Ultimate Sheet Metal Fabrication Tool by William H. Longyard
The author includes detailed step-by-step photos of well-trained and well-known craftsmen working with both steel and aluminum. He takes each project from the first planning session to the finished piece.

COMPOSITE MATERIALS: Fabrication Handbook #2
by John Wanberg
Written for those who want to enhance the quality and performance of their composite projects, this book focuses on what it takes to truly optimize a composite laminate for high-performance use. The methods illustrated here lend themselves to both motorcycle and automotive builders and customizers. 8.5 x 11", 144 pgs, 300 color photos.

SHEET METAL FAB FOR CAR BUILDERS: Make Panels for Cobra, Lotus, Hot Rods & More by William H. Longyard
This book goes far beyond introductory metal shaping. It leads you through step-by-step instructions with hundreds of photographs and shows how to form complex, perfectly formed panels in a home shop for customizing your hot rod or restoring your classic. Customized dreams become an affordable reality with this book. For anyone planning to build an Evo that includes shrinking and stretching as well as the why and how of using a book to guarantee accuracy.

WHEN A BOOK BECOMES OUT OF PRINT (POD)

When a book becomes out of print (new copies are no longer available from the original or subsequent print runs) and it is no longer economically feasible to produce another print run via conventional printing methods, we are able to provide copies based on a relatively new process known as **print on demand (POD)**.

POD books are printed as they’re ordered, one at a time, and shipped separately from other items in your order. Color images in the original book may be printed in black & white; check the product’s description for more information. Paper and photo quality, although good, often do not match the original version, but the information, obviously, remains the same. No extra shipping charges are added when you order a POD book, and all POD books carry the same satisfaction guarantee as our conventionally printed books.

**SALES TAX**

**MINNESOTA RESIDENTS PLEASE ADD 6.875% SALES TAX; MICHIGAN RESIDENTS PLEASE ADD 6% SALES TAX.**

**PAYMENT**

Payment may be made via business or personal check or with any major credit card. All orders must be pre-paid with the exception of trade businesses that have previously established open accounts. All payments must be in US funds and drawn on a US bank. Order & payment will be returned if payment is made in foreign funds or drawn from a foreign bank.

**BACKORDERS**

Unless requested otherwise, we will backorder any titles temporarily out of stock. Credit cards will not be charged for any backorders until the book is actually shipped and there will not be an additional retail postage and handling charge when backordered titles are shipped.

**GUARANTEE**

Dissatisfied with an item? Return it within 14 days of receipt for a refund. credit or exchange. no questions asked. You must include a proof of purchase with return. *Note: All prices are subject to change.
